## Paint Lick Again

### Victorious

Mercer County Lads Their Victim

Manager Jas. H. Raiston and his base ball warriors invaded the camp held sacred by the Harrodsburg nine and carried away the honors by defeating them to the tune of four to two, last Friday. The Harrodsburg aggregation started off rough, making their two and only runs in the first inning, but when the dust had cleared away and the scores counted at the end of the fourth inning it was found that the Paint Lick warriors had placed four of their nine around the bases for four points, leading their opponents by two points and held the lead never allowing the Mercer county boys to cross the plate for the rest of the game.

J. Lackey, the star twirler of the Paint Lick boys had the Harrodsburg lads at his mercy throughout the contest, and they were never able to hit him. Patrick, one of Mgr. Raiston's good catchers, held Lackey and kept him pitching wonder ball throughout the game. Rogers on first, Lewis on second, Genters on short and J. B. Lackey on third, gave Lackey all the backing that he needed and easily picked up all of the balls that Harrodsburg managed to punt to them, while Hensley, Duerson and Tribble were constantly calling on the Harrodsburg nine to let them have a ball in the field to show to the 2,000 enthusiastic fans that they too could play base ball, however, the clever managing of Raiston, by having Lackey on the mound for his warriors, forbade them the privilege of working out his fielders.

Paint Lick has one of the best teams that can be found in Central Kentucky and are playing wonderful base ball and are to be highly congratulated on the class of ball that Paint Lick has won from Harrodsburg. A rather amusing story in the Harrodsburg papers last week that they could not play ball in a calf lot, at Paint Lick, but it looks to us that they cannot play in the ball ring at Harrodsburg. It seems to us that Paint Lick and Harrodsburg are in two different classes especially when it comes to base ball.

## Fine Addition

Central Record Gets Out Paper in

Four Sections Which is a Real

Booster

(Wilmore Enterprise)

The Farm Bureau Edition of the Central Record of Lancaster, last week, was a splendid evidence of the progress and boosting spirit of that wide awake County Seat as well as a fine example of newspaper enterprise.

Four sections comprising 32 pages were filled with interesting and instructive articles. The advertisements, with which the paper was bountifully strewn, showed the spirit of a wide awake town that knows the value of publicity in business and seized this good opportunity to express it in a unanimous way.

Altogether it was an effort which the management headed by genial Bob Elkin can well be proud of and the Wilmore Enterprise sends its congratulations to the Central Record.

## Thank You, Keen.

Editor Keen Johnson, of the Anderson News, one of the best papers among our exchanges, is kind enough to say:

"The thirty-two page special edition published last week by the Lancaster Central Record is a splendid example of newspaper enterprise and just such a piece of newspaper work we would expect from the experienced hands of Colonel Bob Elkin."

## Wils Rogers

### Sells Fine Horse

N. Wils Rogers, formerly of Paint Lick, but now of Richmond, sold one of his nice horses last Monday to W. C. Patterson & Co., of New York City, for \$2,500. The horse is a chestnut gelding by Rex Peavine and out of a Verdict mare. Rogers purchased the horse last April and his son, Wilson, developed him to his present high condition. Robert Shropshire will prepare the horse for the State Fair next month.

## Sell Cattle

D. M. Anderson sold 10 head of 1,100 pound cattle for immediate shipment for \$7.00 a hundred.

LOST—A bunch of four keys. Return to this office and receive reward.

## TEACHERS

### MEETING

Held in Superintendent's Office

Last Saturday

Superintendent Abner's office was taxed to its capacity last Saturday, when the teachers of Garrard county met there for the purpose of an organization among themselves. The feeling and expressions among those present, was that the time had come when professions must organize. This was the central thought at this meeting last Saturday and an organization was affected.

This organization, which will probably be known as the "Garrard County Teachers' Association," will be a branch of the Kentucky Educational Association.

The following officers were elected: Pres., Miss Adams, Principal at Buena Vista; Vice Pres., Mr. H. V. Pence, Principal at Buckeye and Secretary-Treasurer, Mr. Scudder Abney, Principal at Nina. A program committee consisting of Mr. Kerney Adams, Miss Aldridge, Miss Dudder and Mrs. Tudor was appointed. This committee each month will have a worth-while program, which will be inspirational and beneficial to the teaching force of Garrard county.

## Thrown From Carriage As Machine Strikes Wheels

Flemingsburg, Ky., Aug. 10th.—Mrs. Thomas R. Hudson and daughter, Miss Barbara Hudson, of Crains, this county, were thrown from their buggy this morning on the public square when turning Main Cross street into Water street. They were struck by an automobile coming from the same direction behind the buggy. The car was headed up the court house hill.

The automobile belonged to and was occupied by Abel N. Hewitt, negro preacher at Sherburne, this county, and was driven by a negro boy. The car was going too fast to stop when the buggy turned to the left in front of it.

One wheel of the buggy was broken. The women were frightened, but were not injured. The negro preacher paid for the repairs.—Flemingsburg cor.; Lexington Herald.

Mrs. Hudson is the mother of Rev. Harry Hudson, of this city, and Miss Barbara has frequently visited here and their many friends were glad to know that they escaped with no injury.

## More Join Association

The Burley Co-operative Association has had signal success in this county during the past week, in getting many new signers to the association. Something like forty additional contracts have been turned in within the past week. Among them are some of the most prominent tobacco growers in Garrard county.

A few whose names were secured this week are: Hugh Kurtz, Talton May, Raymond Davis, S. N. Davis, Tom Wells, Theo. Currey, W. D. Parsons and Claude Curtis. These are all prominent growers and with their influence will add materially to the organization in this county.

## Apple and Corn Mash

Destroyed by Sheriff and Deputies

Last Saturday Sheriff Robinson, accompanied by Deputy Allen Morris and Sheriff Dethierage, and revenue agent, Markham, destroyed about two hundred gallons of mash, near Dripping Springs on Harmon's Lick. The still was not found, evidently having not been put up, but preparations had been made for a big run. The mash consisted of apples and corn. No arrests were made.

## Jumbo Apples

### Huge Tomato

Sam Sotot is the champion apple raiser of Garrard, if size is a consideration. He brought to this office four Jumbo apples that weigh that many pounds and are on exhibition now in our window. If anyone can beat them just trot them in.

Billie Raney has taken the rag off the bush, by bringing in a tomato that weighs 18 ounces. It's about the size of a sofa pillow, beautiful in symmetry and pleasing to look upon.

## Chamber of Commerce

The regular meeting of the Chamber of Commerce will be held at its rooms tomorrow, (Friday) night, at 7:30 o'clock. Every member is urged to be present, as business of interest to all will be discussed.

## GREAT FAIR

Stanford Has Best Ever Given

In Lincoln

Record Crowds

The opening and closing of the Stanford Fair last week marked a high record for success over any previous undertaking of this character ever given by the good people of Lincoln county. From an exhibition standpoint, it was a success in every particular. Many horses of some of the foremost exhibitors in the State were on hand. The cattle exhibit was the best ever seen and created much interest and admiration. The exhibition of hogs, numbering two hundred or more, was up to the high mark, both in point of numbers and quality as well. The sheep exhibit was worthy and did credit to either Lexington or Louisville.

The crowds that rushed the gates each day must have been a source of great satisfaction to those Legion boys, who had the exhibition in charge, and under whose management the success of the fair is due all credit. Each official seemed to have been a committee of one to see that all were given a glad hand and a warm and hearty welcome. The concessions were many, clean and varied, and all of them were patronized liberally. Everybody had a good time and everybody was happy.

The luncheon furnished by the "War Mothers" was as good as the best ever seen at any county fair and the service was all that a hungry public could ask.

We understand that the association will about pay for the improvements, erected on the beautiful grounds, from this year's exhibition, which insures the continuation of the Stanford Fair for several years at least. Garrard county sent a good delegation each day and all are loud in their praise of the treatment given them and will be glad to know that it will be repeated, as the grounds have been leased for a term of five years.

## Garrard Exhibitors

Take Their Share of Premiums at Stanford

Garrard county exhibitors fared well at the Stanford Fair last week, many of them capturing practically all premiums in the class exhibited.

The Dixie Stock Farm made practically a clean sweep in the Poland China hog class, winning first, on best boar one year old; first on boar under one year; first and second on best sow, one year old and over; first on senior gilt; second on junior gilt; first on champion sow; first on champion boar; and first on best herd owned by one firm.

In the Hampshire class the Beechwood Stock Farms cleaned up on everything in this class, winning first on boar under one year; first on sow one year and over; first and second on senior gilt; first on junior gilt; first on champion sow; first on champion boar; and first on best herd.

The plantation saddle ring attracted many entries, but Garrard county carried off the honors, Robert J. Walker winning two firsts and Tom Cotton winning two seconds.

## Fine Hog

M. D. Long and son have just received a handsome Poland China boar. He is one of the famous Clansman strain. They also have a nice herd of young sows of the Giantes strain from the blood lines of such noted sires as Dishes Giant, Bon-Bon Giant and King Pilot, which will be mated to this new herd boar.

He was sired by Liberator, the King of Sires. His Dam is Lady Revelation, one of the world's best sows and comes from the famous herd of L. H. Glover, Kansas City, Mo.

## Farm Sale

Don't forget the farm sale of W. T. Kings in Paint Lick next Saturday. It contains 28 1/2 acres of sandstone soil and is a money maker. It will sell and some one will get a bargain.

## Grape Juice Receipt

(Mrs. Rebecca West)

Pick grapes, wash, then boil until most of seed come out. Then place in sack and strain. To every quart of juice add one large tea-cup of sugar. Put back on stove, boil and skim. Pour in jars or bottles while hot and seal.

WANTED:—Plain and fancy sewing. Mrs. Harold Scott. (lt. pd.)

Dickerson's Kanawha Salt in sacks and barrels. Hudson & Farnau.

## BIG FOUR

### TRAINMEN

Of L. & N. Quit Work at Corbin Monday

Coal Fields Isolated

Twelve hundred trainmen, members of the Big Four brotherhood, employed on the Cumberland Division of the Louisville and Nashville railroad, left their trains at Corbin last Monday morning.

This ties up the great Harlan and Bell county coal districts.

The walkout was orderly. The trainmen claimed armed guards at the Louisville and Nashville shops there were endangering their lives.

They also claimed that they were being required to operate defective equipment in violation of the law and thus endangering their lives. Trainmen who walked out Monday morning declared that their action was not a strike. They said they simply had refused to work until conditions were made safe.

Coal Fields Isolated

The strike of the trainmen on this division virtually cuts off from the outside world, about 100,000 people in Southeastern Kentucky. Of these approximately 70,000 are in the great coal fields of Harlan and Bell counties with a capacity output of approximately 1,000 carloads of coal a day.

The Cumberland Valley division is the division that Henry Ford, thru his Detroit, Toledo and Ironton railroad recently sought to have the Louisville and Nashville agree to allow him to aid in operating. It is this division that serves the great United States Coal and Coke Company operation at Lynch where the largest coal tipple in the world is located; the banner Ford mines owned by Ford and approximately 175 other mines both large and small.

The cities and towns cut off entirely from train service with the outside world include Middlesboro, Pineville, Harlan, Lynch, Barbourville and Manchester.

## Baptist Church News

The members of the Junior Union wish to thank all who contributed in any way to the success of their social held at the home of Squire Sanders last Saturday night. Quite a number were in attendance and a nice sum of money was added to the Junior treasury.

The Sunday School hour has been changed to 9:45 and scholars and teachers are urged to come promptly at that hour. The attendance last Sunday was fine, but we want it to grow.

Our Association meets at Burgin next Tuesday. The delegates have been appointed from the Lancaster church and are urged to attend.

The prayer meetings for the balance of the month will be along revival lines in preparation for the coming meetings next month. Let every member plan to come.

Preaching by the pastor at 11 A. M. next Sunday. Subject—"Victory over Temptation." The evening service will be held in the Christian church at 7:45.

The Junior meeting last Sunday was well attended and a good program given. Come next Sunday evening at 6:15.

## Sign Man to Leave

Mr. William L. Frederick, of the Frederick Sign Company, who has painted so many artistic signs in and around Lancaster, is to leave for Louisville September 1st., and those desiring work in his line should see him at once. He wishes to thank those for the liberal patronage given him during the past two months and trusts his work as been satisfactory.

Mr. Frederick has made many friends in Lancaster, by his genial, affable and courteous treatment and all wish for him much success in his new fields of labor.

## Lancaster Fair

Don't that sound good? Well, we're going to have one next year sure. That's settled. A committee from the Chamber of Commerce is working on a suitable site and it will report at the meeting Friday night. If you are interested attend the meeting.

There will be a Pic Supper at Sycamore School House Saturday night, Aug. 19th. Everybody invited.

Ballards Pure Wheat Bran, Ballards Kentucky Farm Feed for hogs, the best and cheapest. Mixed Feed, Horse and Mule Feed, and Dairy Feed. Hudson & Farnau.

## JACKIE COOGAN

In "Peck's Bad Boy" Tonight

"Peck's Bad Boy" starring Jackie Coogan, the six year old screen actor, will hold the boards at Roman's Opera House tonight.

It is the first picture that Jackie has done since Charlie discovered him and procured "The Kid." His work in that feature appealed to Irving Lesser as especially fitting him for the title role in "Peck's Bad Boy," and, after making arrangements with Warner Brothers, the continuity was prepared especially for Jackie and the picture produced.

Critics in New York, where "Peck's Bad Boy" was recently given its initial presentation, have described the production as an epic of boyhood days. The picture is released by Associated First National.

In producing "Peck's Bad Boy" Mr. Lesser took every step possible to enhance the quality of the film. The supporting cast given Jackie Coogan is exceptionally strong, and the direction and settings have been highly commended. After the actual filming was completed Mr. Lesser procured the services of Irvin S. Cobb, the well known humorist, to write the subtitles, and the complete result has been accepted by the New York newspaper critics as one of the best comedies that has reached the screen in years.

Among those who will be seen in the cast with Jackie are Doris May, Wheeler Oakman, James Corrigan, Lillian Leighton, Raymond Hatton, Charles Hatton and Baby Gloria Wood.

## Double Birthday

### Celebration

On Wednesday morning, August 9th, friends and relatives gathered at the home of Mr. and Mrs. Henry Tuttle, on the Buckeye road. The enjoyable occasion being the 36th birthday of Mr. Henry Tuttle and the 24th birthday of Mrs. Roy Prather.

As the dinner was unknown to Mr. Tuttle, when he came from his work at noon, he was "sure enough" surprised to find such a crowd at his home.

The bountiful and elaborate dinner that was served was simply delicious in every detail. The table was a vision of beauty, having for its center piece the beautiful birthday cakes, with the tiny pink and white candles. Pink and white being the color scheme throughout the dinner. All present did ample justice to the magnificent feast. Those who attended this delightful affair were, Mr. and Mrs. George Brown, Mr. and Mrs. W. T. Walker, Mr. and Mrs. James Yantis, Mr. and Mrs. Roy Prather and children, Mr. and Mrs. Tom Turner and little daughter, Permelia, Mr. and Mrs. Simon Tankersley and baby, Mr. and Mrs. A. M. Merida and family, Mr. Joe Turner and children, Messdames Jake Foley and Charlie Tuttle and Sallie Sams, Misses Lucy Turner, Mollie and Ethel Barnes, Ellen Carrier and Fannie Barnes, Messrs. Tom Lewis and Crit Barnes, Lawrence Reynolds and Crit Turner. A late hour in the afternoon all departed for their homes, after wishing "many more happy returns of the day" for Mr. Tuttle and Mrs. Prather.

## HOSPITAL FOR

### LANCASTER

Garrard County Could Well

Support One

We have an opportunity of securing a hospital for Lancaster and Garrard county and all should be interested in this good work, for if there was any one thing needed here at this time, it is a hospital. Garrard county could well support one, when one thinks of the many, many cases that are being sent to other hospitals from the town and county, every week and some times daily.

If a suitable lot could be secured for a hospital in Lancaster, we are convinced that the remainder of the money necessary for the erection of the building could be secured. It would be a philanthropic deed to have such a lot donated by some of our moneyed men who are interested in the town and community. Lewis Y. Leavell was a great benefactor for the education of our children and left a liberal sum, the interest on which pays the bonds and interest on the indebtedness of our High School.

Thousands of dollars are spent by our citizens every year for treatment in hospitals in other towns and this money could just as well be kept at home, with just as good results.

Throughout the country many, many wealthy citizens are donating large sums for hospitals and many bequests are made to support charitable institutions. No better or more worthy monument could be erected, than a hospital right here in Lancaster. Hundreds and hundreds of the hospitals throughout the county are named after some individual who left a legacy for such an institution.

Let's all talk and discuss this movement, and keep striving until Lancaster and Garrard county has a hospital of its own.

The columns of the Record are open to anyone for suggestions along this line. Let's hear from some one.

## Seriously Wounded

Jim Naylor Shoots Bill Adams Last Saturday

Claiming that he had winked at his sister, James D. Naylor, a veteran of the World war, shot and dangerously wounded William Adams last Saturday afternoon, at the home of Naylor, in the Duncanton section of Lancaster. Only one shot was fired, which entered the back of Adams, passing through the bowels and lodging just under the skin on the opposite side.

Harrison Adams, brother of the wounded man, claims to have seen the trouble, which came up, he says, by Naylor accusing Adams of winking at his (Naylor's) sister. Adams denied this and the lie was passed back and forth several times, when Naylor ran into the house procured a pistol and fired at Adams as the latter was leaving for his home near by. This testimony was brought out at Naylor's examining trial Monday afternoon, before Judge Treadway. Naylor was held under bond and is now in jail.

Adams, it is now believed will recover. An operation by Dr. Virgil Kinnaird, assisted by Drs. Kinnaird and Elliott, disclosed the fact that the bowels had been perforated eight times, but Adams stood the operation well and indications point to an immediate recovery.

## Bye-Bye Pool Rooms

### And Tent Shows

The city council took a crack at pool rooms and tent shows at its meeting last night and it is safe to say that Stanford will have few if any of such after the present pool tables licenses expire. The license on pool tables was increased from \$50 to \$200 on the first table and \$100 on each additional table. Tent shows will hereafter pay \$100 per day instead of \$25. This includes, of course, circuses, and our people will have to seek greener fields to witness them or go without.—Stanford Journal.

## Peace Disturbers

Judge Treadway fined Tiller Gullam in his court last Saturday, \$10 and costs for breach of the peace, he having been charged with throwing rocks into a buggy occupied by a young man and lady. Harrison Hurt and Ray Moore, charged with the same offense, were acquitted. The warrants were sworn out by Miss Emma Simpson.
